

Quick Reference Guide

Downloading TigerConnect - iOS

How do I download the TigerConnect iOS mobile app?

To download the latest version of TigerConnect for your iOS device, you will need 1) a supported iOS device capable of updating to the two latest iOS versions (iOS 10 and 11 as of this document) and 2) an Apple ID and password* to download the application. See our [System Requirements page](https://www.tigerconnect.com/system-requirements) to ensure your device is compatible with TigerConnect: <https://www.tigerconnect.com/system-requirements>). See below for steps on how to download TigerConnect:

① Click on App Store icon

② Click on Search.

③ Search for 'tigertext'.

④ Tap either **GET** (first time) or the 'cloud' icon (previously downloaded our app) to download the TigerConnect app.

First-Time Download
(NOTE: You will be asked to enter your Apple ID password.)

Previously Downloaded

⑤ Once completed, tap **OPEN**. You're now ready to login and start using the TigerConnect app!

* If you do not recall your Apple ID username or password, navigate to <https://iforgot.apple.com> to retrieve your Apple ID or reset your Apple ID password. **TigerConnect cannot reset this password.**
