tiger connect

Secure Texting, Video & Voice for Home Health & Hospice

- Secure, HIPAA-compliant messaging for Home Health staff
- Real-time care coordination of staff logistics and appointments
- Live video, voice, and text in one easy smartphone app

The Instant, Easy Way to Communicate

TigerConnect makes it easy for home health liaisons, nurses, and other field staff to seamlessly coordinate care from the office, a patient's home, or while in transit.

With instant access to the entire staff directory by smartphone or desktop, Home Health and Hospice staff are equipped for any clinical challenge. Group communication through text, voice, and video helps PCPs, specialists, pharmacists, and others collaborate seamlessly, while role-based messaging lets you instantly reach the right on-duty staff.

Streamline Branch Office Communication

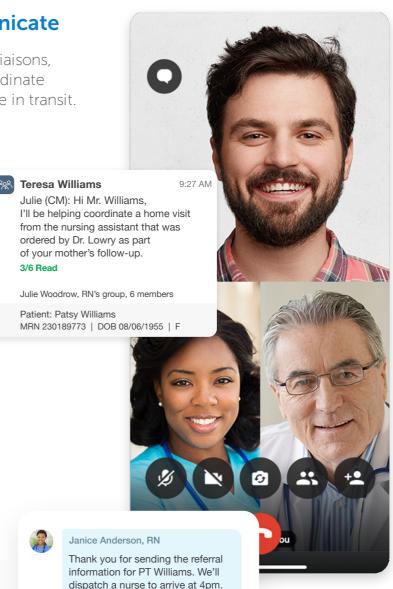

Notify staff about schedule changes, collaborate with care teams in real time, document home conditions, and request prescription refills.

Communicate with Physicians

Instantly reach physicians to share changes in a patient's condition, clarify orders, request medications, and suggest additional services.

Quickly Coordinate New Patient Referrals

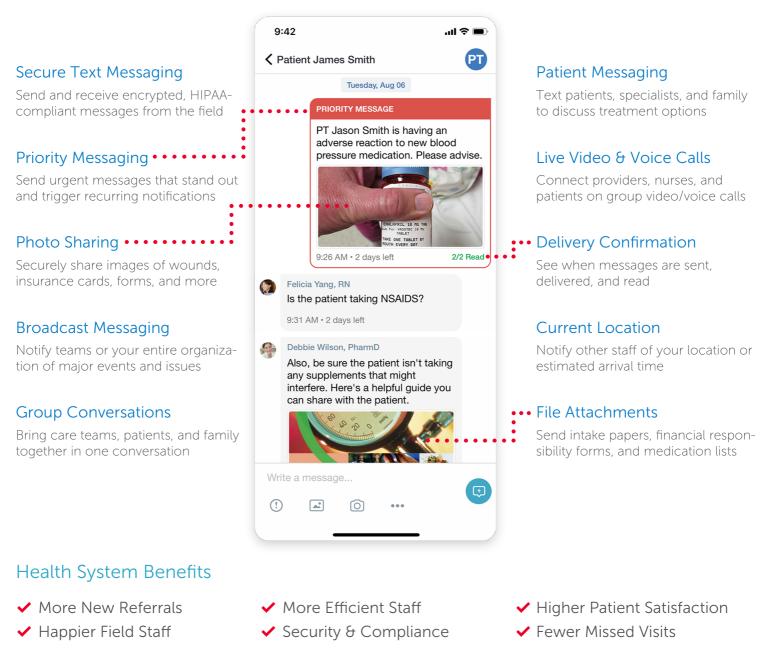

Allow admitting nurses to communicate directly with the referring acute facility to win patient referrals and complete assessments of patients in less time.
